Students' Meetings in Grodno

Christian medical students' group in Grodno Medical University is the biggest and more active for this moment in Belarus. So Grodno was chosen as a place for meetings of camp committee (preparation for the summer students' evangelical camp in summer).

From November 2004 we had 5 meetings in Grodno.

FINANCES

\$600 was granted from BMDF

Expenses:

1. Meetings in Grodno (transportation, food) - \$155 (5 meetings);
2. Students' meetings in Minsk, Gomel, Vitsebsk - \$45 (my travel expenses only; other costs were covered from additional grant of BMDF for the summer camp)
3. Newspaper - \$50 (2 editions, 200 copies each: printing and post expenses) ;
4. Attending conferences abroad (Russia, Ukraine, UK, SA, Germany) - \$350 (partly expenses for travel, visas. Each conference I visit with 1-6 other students or just graduates, so I used this sum for them as well).

I'm very grateful to BMDF for all prayer and financial support. This year was amazing and full blessings for my ministry. I'm involved to Christian medical ministry from 1999, but I never had so many opportunities to serve Lord. And God opened many doors during last year. I praise Him and I say: "Thank you very much! May God bless you abundantly!"
