

GROUP 1 TEAMS – FLOOD RELIEF

URGENT REQUEST – IMMEDIATE RESPONSE REQUIRED

Needed: Medical Professionals for South Asia Flood Relief

We need any medical professional willing to work primary health situations in the flood areas of South Asia. We will send four teams, two weeks each, over the next two months. We will need at least four workers per team. You will be working with national partners who will put you in excellent position to serve those who are being devastated by the worst flood in living memory for this entire region. The flood has displaced and affected more people than the Indonesian Tsunami.

You will be staying within a building owned by the national partners. Conditions will be cramped. You will be sleeping on the floor. Applicants should be healthy and willing to operate in difficult environments. If you are interested, contact us ASAP at info@mmronline.org or call 866-667-8996.

Costs: Airfare plus a project cost of \$1100

Dates: Team one will leave as soon as possible. The other teams will be set after those dates.
