

## **Christian Family Medicine Rotation for 3<sup>rd</sup> and 4<sup>th</sup> year medical students:**

YEE HAA and hello from South Texas! My name is Dr. Seth Patterson and I would like to invite 3<sup>rd</sup> and 4<sup>th</sup> year medical students interested in Family Medicine to come down to South Texas for a 2 or 4 week rotation at our Family Practice Residency Program. We are a Christian based Residency Program on the Texas-Mexico border and we love having students come rotate with us for either inpatient or outpatient rotations.

EXCELLENT TRAINING .. One goal of our program is to train medical students and residents to be excellent family physicians for our Lord and Savior Jesus Christ. We hope that those who come through this place will learn how to share the love of Christ with their patients both here in this country and throughout the world.

CRAZY PATHOLOGY... In case you are wondering about the education in South Texas, we actually have a wide variety of medical pathology ranging from HTN and DM to Typhus, TB, and even Leprosy. We see a large variety of patients (OB, Peds, Adults, and Geriatrics) and we do a wide range of procedures (including minor skin surgeries, stress tests, and colonoscopies).

SPIRITUAL TRAINING...In addition to medical training, we also spend time training students and residents to share Christ. Through daily prayer times, spirituality conferences, and weekly bible studies, students and residents learn how to put their faith into practice. We believe that there is no better way to learn how to be a Christian doc than to train under other Christian docs.

FREE HOUSING.....I hope that you will consider coming down to South Texas for a Family Practice rotation. Our residency will help provide housing for you while you are here and can help with other costs on an as needed basis. Please let me know if you are interested so we can set-up a time for your rotation. This rotation is only open to 3<sup>rd</sup> or 4<sup>th</sup> year medical students attending an accredited US Medical School.
