

Medical Mission Trip

Santiago, Dominican Republic

REQUEST: DENTIST

November 21-28, 2009

Dr. Jerry Graham is organizing this team. The team will be flying out of Huntsville, AL on Nov 21 and returning on Nov 28th. He is working with missionaries Sam & Delores York. He has worked with them several times over the last few years, but they had been in Haiti. It finally got so unsafe there, that they moved to Santiago, Dominican Republic. It is much safer there, and they still try to minister to the Haitian people.

As far as the work goes, this is primarily a medical mission trip. Dr. Graham is going, as well as a couple of registered nurses. Also, we have an eye team that tries to fit people with glasses. The equipment they use is very easy to learn. We have one lady who is a dental assistant, but we are in desperate need of a dentist.
