Medical Mission Team
Thailand

Urgent Team Need...

First Baptist Church of Powell, TN is sending a medical team to the NE region of Thailand to serve the Isaan people group.

They are planning to send a team of 8 people - 1 MD, 3RNs, PharmD, and DDS. The team's original MD has been diagnosed with knee cartilage tear and will not be able to go.

There is a team of nationals that will present the Gospel to everyone coming to the clinics. That team is headed up by a full-time missionary doc from Arizona.

All meds and supplies are furnished - and the team's main goal is to spread the Gospel!

If you are an interested MD, please contact Dr. Tony Bradley:
